

Track and report on individual student goals.

The Xuno Goals Management system allows you to create **personalised goals** for any student in any learning areas, **track their progress** to those goals and generate summary **reports to parents**.

- Set **individual goals per student** for any period.
- Use **predefined goals** linked to any curriculum outcomes.
- **Students** can optionally **set their own goals**.
- Track progress by adding **comments, photos, attachments** and **ratings**.
- **Create reports for parents** containing any goal data.
- **Summarise progress** toward set goals **individually or for cohorts** of students.
- **Extend any goal** if not achieved within the desired timeframe.
- Flexible **user permissions** and **role-based access** for improved security.
- Ideal for **Student Support Groups (SSG)** and **Program Support Groups (PSG)**.
- Used in **special schools, mainstream schools** and **selective entry schools**.
- Use **alongside your existing systems** or integrated within Xuno.
