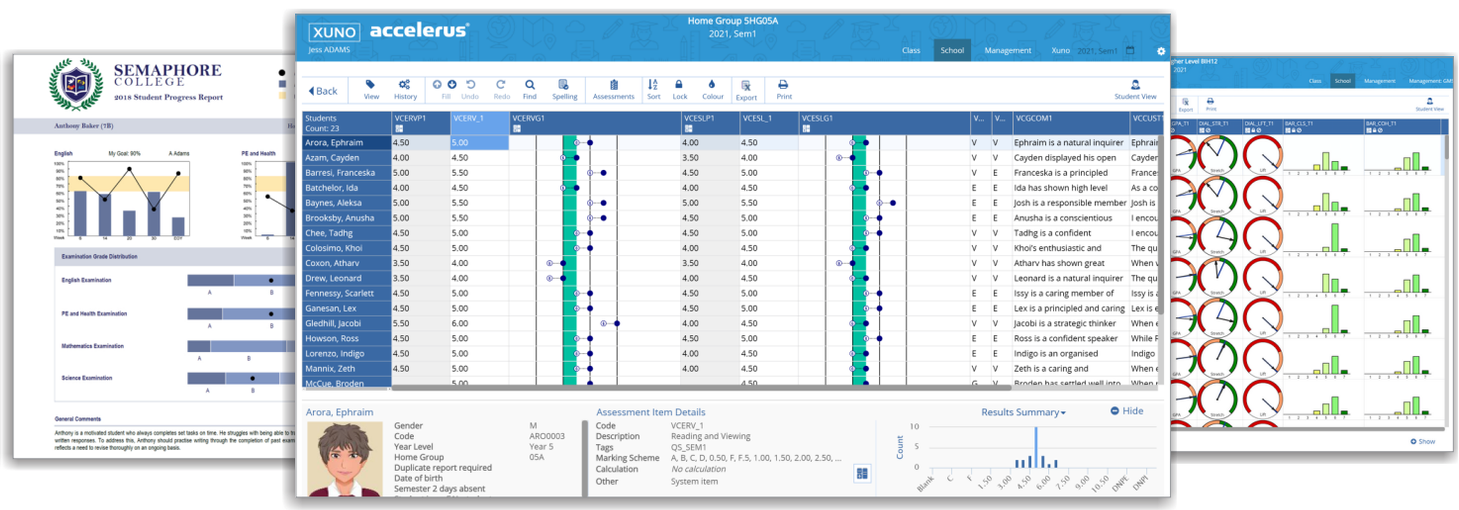
Student Reporting

Flexible, powerful and **easy to use student reporting** to parents.

Xuno Student Reporting (Accelerus) is the nation's **gold standard** reporting system for **progress reports, continuous reporting** and **semester reporting.**



- Design **customisable reports** for any purpose, including **unlimited graphical options**.
- Easily include assessment data from **multiple sources,** including **extra curricular subjects or activities**.
- Create data from **formulas** and **colour-code** outcomes.
- Use **comment banks** for teacher comments.
- Teachers can **easily enter data** and comments, and administrators can **easily create assessments** and **report designs**.
- **Email reports** to parents or export to PDF.
- Comprehensive **import and export options** for easy integration with existing systems.
- **Re-use report designs** in subsequent report periods.
- Create **comparative and longitudinal analysis** of reporting and assessment data, which can be used to determine awards and even school dux.
- Perform **linear mappings, standardisations, weightings, z-scores, means** or custom Excel-like **formulas**.
- Easy access to **historical data and past reports**.
- **Web-based** access with **single sign on**.
- Used as a reporting tool by **up to 25% of schools** using other school systems.
- Use **alongside your existing systems** or integrated with Xuno.
